Fresh Produce Development

CANCONEX Presentation
29 July 2025

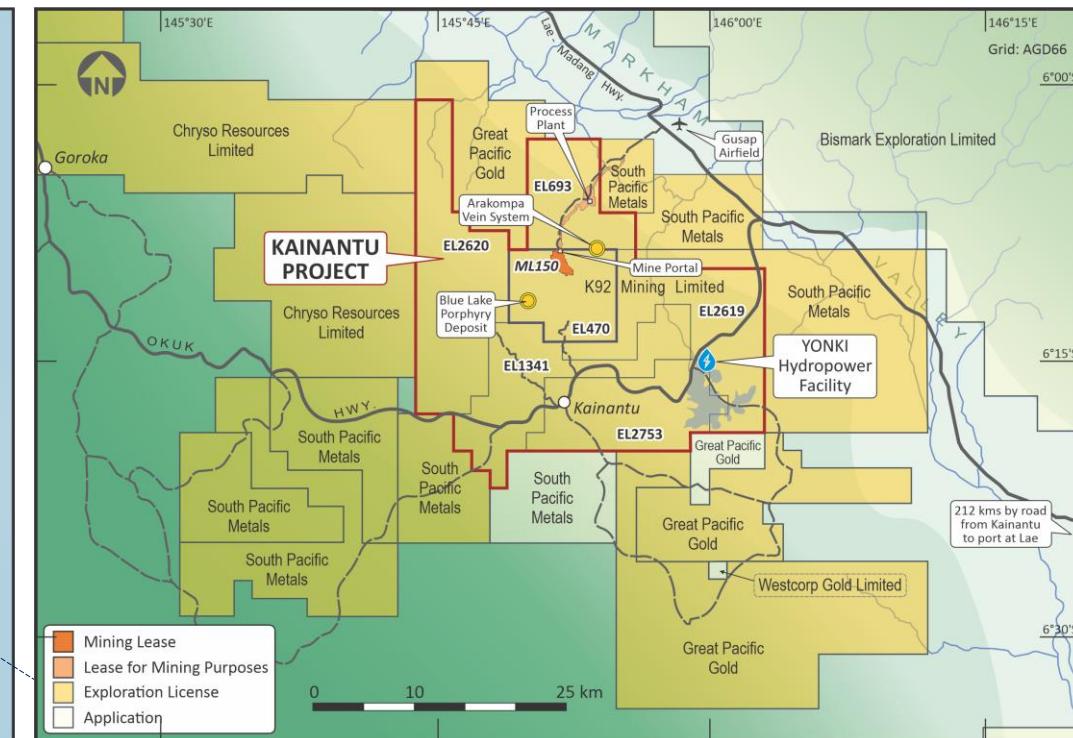

Joy Jack
Projects Officer

LOCATION OF THE KAINANTU PROJECT

Located in Kainantu District, Eastern Highlands.

It is close to other significant mining areas.

PRESENTATION OUTLINE

- 1. Introduction**
- 2. Project Goals, Objectives, & Values**
- 3. Project Alignment – SDGs**
- 4. Project Initiation**
- 5. Inputs/Costs**
- 6. Outputs**
- 7. Outcomes**
- 8. Project Challenges & Mitigations**
- 9. Strategy For Development - Sweat Equity Strategy**
- 10. Relevance to 50 Years of Resource Building in PNG Communities.**
- 11. Conclusion**

REDMI NOTE 13 PRO

25/09/2024, 12:58

- The Agriculture Project is one of the many project under the mines' Sustainable Livelihood Development Programs which also attracts crucial areas like water management and agri business.
- The goal is to improve unemployment and nutrition intake of women, youth and men alike helping them to sustain lives.
- The benefits of this agriculture program have been felt irrespective of age, gender and social status.
- We are happy to share our reflections, rewards and challenges of achieving prosperity in individual's lives.

Goal

- Improve nutritional intake
- Put money straight into people's pockets.

Objective

- Alleviating poverty, improved diet, earning income thus leading to improving standard

PROJECT ALIGNMENT TO SDG'S

International & Domestic SDGs

International SDGs
PNGs Vision 2050
Morobes Kundu Vision 2048
National Agriculture Development Plan 2024-2033

Achievement goals

Wealth Creation
Good Health & Wellbeing
Gender Equality
Clean Water
Partnerships for development.

Project Actions

K92 is seeking collaboration with Markham District, Unitech SMEs, Grow PNG, and local Associations- common interests for better delivery of this project.

K92 Mining CAER Team Seeking partnership with Markham DDA.

PROJECT INITIATION

- Nutritional Program for communities - 2020
- Lowlands: First to grow bulb onions/carrots/English cabbages
- Highlands – Potatoes -Chips Variety & Garlic
- Nutritional Project - Agri Business, 2021 - 2025
- Baseline Study proved it a viable project, COVID hit delayed work
- 210 Farmers, 70% women, 25% men, 5% youth
- Land area used: 66.5 hectares - Small holder farming

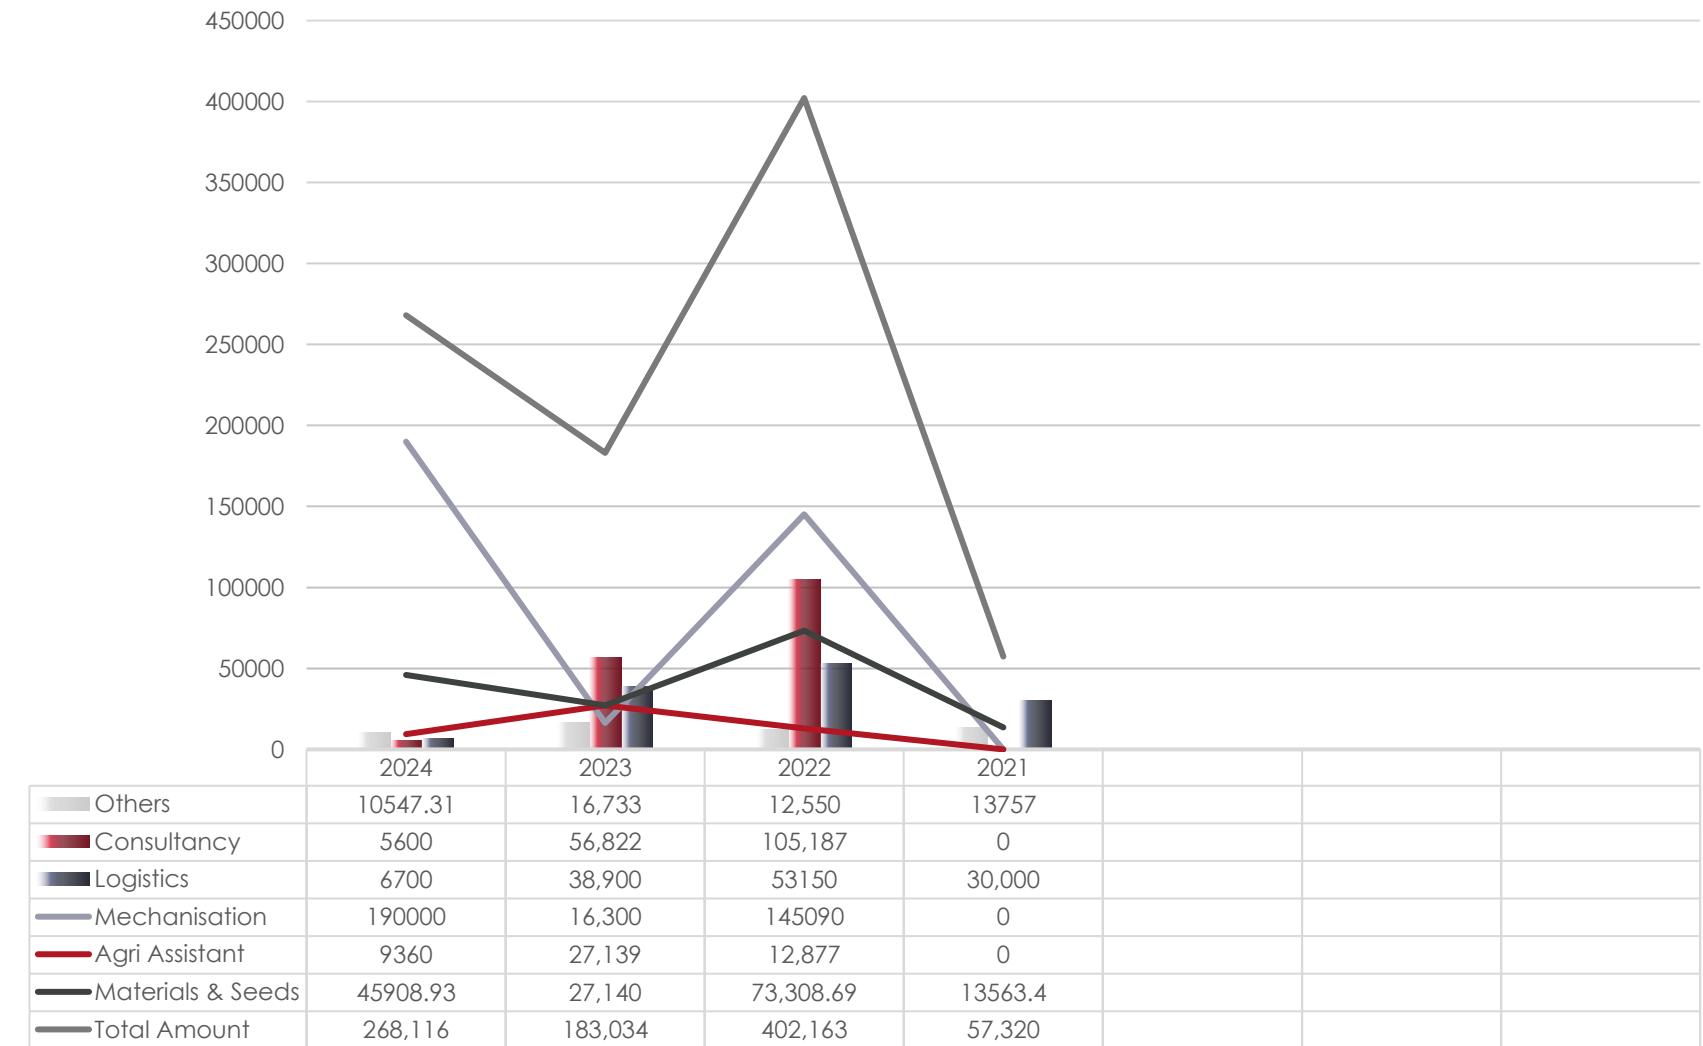

First bulb onion growers of

*K92 Mining receives first batch of bulbs from
Papua community in Markham, 2021*

1. Piping for irrigation
2. Gravity Feed irrigation
3. Seed Scheme
4. Agri Technical Training
5. Financial Literacy Training
6. Leadership Training
7. Cost of the project

GRAPH SHOWING CATEGORIES OF EXPENSES (2021-2024)

The following vegetables are grown and supplied to various markets.

- Egg plant, Pakchoi, Carrot, Carrot, Cabbages, Lettuce, Saladeer, Watermelon, Pawpaw, Bulb onion, Tomato, Potato, Garlic, Capsicum...etc.

Harvesting Carrots in Markham

Harvesting potatoes in Pomasi

Aggregators in Kamano 1

Delivering veggies to the market.

PROJECT OUTPUTS

1. Delivered 5 model farms in highlands, 5 in lowlands
2. Standard Nursery House
3. Pomasi Storage House
4. Logistics provided by K92

Charter delivery to POM

Tractor for the lowlands

Potato storage house – Pomasi Community

Bulb onion solar dryer in Papua

AGRICULTURE FOOTPRINTS

Map showing
locations of farms

PROJECT OUTCOMES

- ✓ Established the Maunten Nambis Fresh- K92 Farmers 'Company.
- ✓ Mobilize crops from Aggregators – Mutzing and Umi, Heganofi, Tapo, Okapa, & Tairora.

Markets

- Kainantu Support Services Limited
(Caters for the Mine's Mess)
- NKW Fresh
- Anderson's Foodland
- City Pharmacy Limited (CPL)
- Greater Pacific (GPAC)
- Papindo (Farmers found this market)
- Informal markets
- Wantok Taro – Commenced

Aggregating in exploration sites

First CPL shipment in 2025

PROJECT CHALLENGES & MITIGATIONS

CHALLENGES

- Parts of road access to Highlands communities deteriorated.
- Shifting farmers mindset from subsistence farming to commercial farming.
- Community politics.

MITIGATIONS

- Road maintenance through Tax Credit scheme is underway.
- Working on securing market agreements
- Leadership Trainings for model farm leaders
- K92's Sweat Equity Strategy

Roads maintenance underway through Tax Credit Scheme – Konkua/Bilimoia way

Carrying potatoes to a central location in Pomasi Community.

- a. Company provides technical advice, one off materials and chemicals.
- b. Community provides land, labor, naturally extracted resource.
- c. Farmers are included in the planning/implementation and evaluation process.
- d. Farmers are guided towards their goals.

*Potatoe training in Tunompi -
Pomasi 2*

ACHIEVEMENTS

- Connecting/accessing formal markets independently – Papindo
- Managing own labor and other farms affairs

*First Farmer:
House Built in the
Lowlands*

*Second
Farmer:
House built in
the Lowlands.*

*Lowlands
farmers-
built cocoa
dryer.*

*Grow
PNG Visit
to model
farms.*

COMPLIMENTING FRESH PRODUCE – COCOA & COFFEE

- We cannot eat cocoa and coffee, but we will eat vegetables
- Fresh Produce must form the basis of K92's agricultural programs.
- Venturing now into Cocoa and Coffee Rehabilitation – Collaboration with SPISARD/Cocoa Board.

*SPISARD and Cocoa Board Team
inspecting site selected for cocoa
budwood model farms.*

REVELANCE TO 50 YEARS OF RESOURCES BUILDING IN PNG COMMUNITIES

Agriculture knowledge dissemination is designed to be passed down to the bulk of generations to come, so our children and their children can continue to live from the land.

CONCLUSION

- K92's Sweat Equity Strategy has encouraged vital achievements
- Align the objectives to wider visions and objectives for enhancement in the agro development
- Small holder farming unites people and encourages discipline.
- Partnership/Collaboration is way forward for development.
- Fresh Produce development must be the basis of agriculture programs that any resource developer wishes to implement.

THE OUTSTANDING COMMUNITY HUMANITARIAN INITIATIVE AWARD 2024 – AGRICULTURE PROJECT

K92 Mining Received Outstanding Community Humanitarian Initiative Award in 2024 from THE CORE.
